For the Von Spreckelsen explosions the dynamite is presumed to have been brought from Bloomville, O.

"People who defeat the ends of justice," he said, "are guilty with those who were actively engaged in a conspiracy to violate laws."

Hugo Thorsch, partner of Bookwalter, declared he would give Detective Burns free access to the books and records of the company.

"I never have had business relations with Samuel Gompers." said Thorsch, "though I have obtained large printing contracts with labor unions. Mr. Bookwalter came into this firm because he wished to engage in the business, and he was a desirable partner."

No Pleadings and Judgment is Read in Empty Court Empty Court

Faris, January 2.—'It Cavalieri comes in by the door, I will jump out by the window," was the statement made by knobert Winthrop Chanler, of New York, according to the decision of the Civil Court here to-day in granting a divorce to Mine, Lenn Cavalieri, the Srand opera singer, from Canner, on the ground that Channer constantly relies to receive his wife at his conjugal domicile.

Juseu to receive mis wife at his conJugal domicile.

Chanler adhered to his purpose not
to contest the divorce, and the proceedings were of a purely formal enarlactor. The court found that it had
no choice but to accord a divorce in
favor of Cavalieri. There were no
pleadings and the judgment was read
in an empty court.

It was pointed out that all legal requirements to preserve the union had
been observed. "when an authorized
agent," says the judgment, "summoned
chanler to take up married lire again,
Chanler replied that he declined to live
with his wife, adoing that he had mapped out his life otherwise."

It was further set forth that when
the sheriff visited Chanler with a summons, Chanler finally signed it, saying
ne did so on condition that he would
never pagna lear his wife spoken of.
The court them quoted Chanler's ex
pression that if his wife insisted on
entering the house he would jump out
of the window, and concluded by naming a liquidator to arrange the property rights of the parties. Chanler was
ordered to pay all the costs of the proceedings.

### LIVES BEYOND MEANS

Now Vandcroef Is Arrested for Emberriement of \$140,000.

New York, January 3.—Percy G. Vanderoef, well-known in mercantile circles here, surrendered at the Criminal
Courts Building late to-day to face
charges of embezzlement of approximately \$140,000 from the large wholesale dry goods house of the Van Keuren-Thornton Company, of which he
was treasurer. He entered a formal
plea of not guilty and was locked
up in the Tomus for further examination Friday.

District Attorney Whitman, appear-ing at the arraignment of Vanderoet on the technical charge of larceny of \$200 by drawing a check on the drm to pay personal restaurant and taxical bills, declared the treasurer's books indicated shortage amounting to over \$100,000, covering a period of four-teen years. All of the alleged defalcations were by check transactions, covered up, it is alleged, by fictitious entries in the firm's books.

"I never knew of Vanderoef speculating in the market," said his counsel. "My opinion is he simply lived beyond his means."

### AN UNWILLING WITNESS

Government Gets Little of Value From Forner Manager for Armour.

Chicago, January 3.—William D. Miles, general manager for the Armour Packing Company, at Kansas City, from 1894 to 1992, testified to-day in the trial of the ten Chicago packers charged with eriminal violation of the Sherman law, that the old packers' pools were organized to prevent the glutting of the market with fresh meat and that there always was active competition between the members in all parts of the country.

Despite the fact that Miles on two occasions had given testimony against the packers before Federal grand juries, he proved an unwilling witness to-day, and little of value to the government's case was gleaned from his direct examination, which was not concluded when court adjourned for the day.

The witness brought out for the day.

The witness brought out for the first time that there was a "black test time that there was a "black test cost" and a "red tost cost" used in the bookkeeping of the Armour Packing Company, the former being used as the flat price of the animal and the latter included freight and other items of export.

The government contends that the "red test cost" was secretly used by the combination in the fixing of the price of meat.

Middlotown, N. Y., January 3.—Mrs E. H. Harriman and two associations of railway telegraphers are erecting at the station at Harriman, N. Y., a momorial to Charles Minot, who, in 1851, transmitted the first train order by telegraph. Mrs. Harriman is giving by the monument, which will be completed and dedicated by veterans of the wire early in the spring.

The design of the memorial tablet is artistic and ingenious. The figures on the pliaster, like ornaments on either side, are made up of battery jars and other things from the equipment of the carly telegraphers. At their base are larger jars, while the scrolls of the capitals are made up of curied ticker tape.

## 'FIGHTING BOB''TO ADMIRING NATION

He Was Link Which Bound Old to Modern Navy and in Each Was Commanding Figure, For Years His Name Had Been a Household

Washington. January 3.—Rear-Admiral Robley D. Evans, "Fighting Bob" to an admiring untion, died suddenly late to-day at his home in this city. Acute indigestion ended the career of one of the most popular officers in the navy. He was ill less than two hours. Admiral Evans, born sixty-five years ago in Floyd county, Virginia, arose to-day apparently in better health and spirits than he had enjoyed in some time. For years a sufferer from old wounds sustained in the Civil War and from recurrent attacks of rheumatic gout, the aged fighter seemed to have shaken off the burden of his advancing days. He displayed high spirits at breakfast and ate a hearty luncheon at noon.

"I cannot get my breath," he said,

At his bedside at the time of his
death were his wife, his daugnter, Mrs.
If. I. Sowell, and his daugnter-in-law,
Mrs. Frank T. Evans, wife of the admiral's only son, a licutenant-commander in the navy, now on auty on

at Boston. The only other member of
his immediate family who was not
present was Mrs. Marsh, wife of Captain Charles C. Marsh, commanding the
armored cruiser North Carolina.

The news upread with great rapidity and caused a profound shock in
official circles. President Taft was one
of the first to express his grief and
condolence. He said:

"Admiral Evans was one of the most
successful squadron commanders we
have had in the navy for a long time.
It was a rigid disciplinarian, of quick
decision and admirably advised in the
intricacy of the machinery of cruisers and battleships and skilled in drilling them. I am very sorry to hear of
